1. Opis funkcionalnosti

U okviru ove sekcije navedite detaljan opis funkcionalnosti u formi kratke priče ili kreirajte *use case* dijagram.

Neautorizovani korisnik - može da čita vesti, gleda galeriju, vidi informacije o autoru, pregleda i pretražuje igrice po imenu i prezimenu, da se registruje i da kontaktira administratora putem maila.

Autorizovani korisnik – nasledjuje neautorizovanog korisnika i pored toga može da izvrši glasanje ankete i da se odjavi.

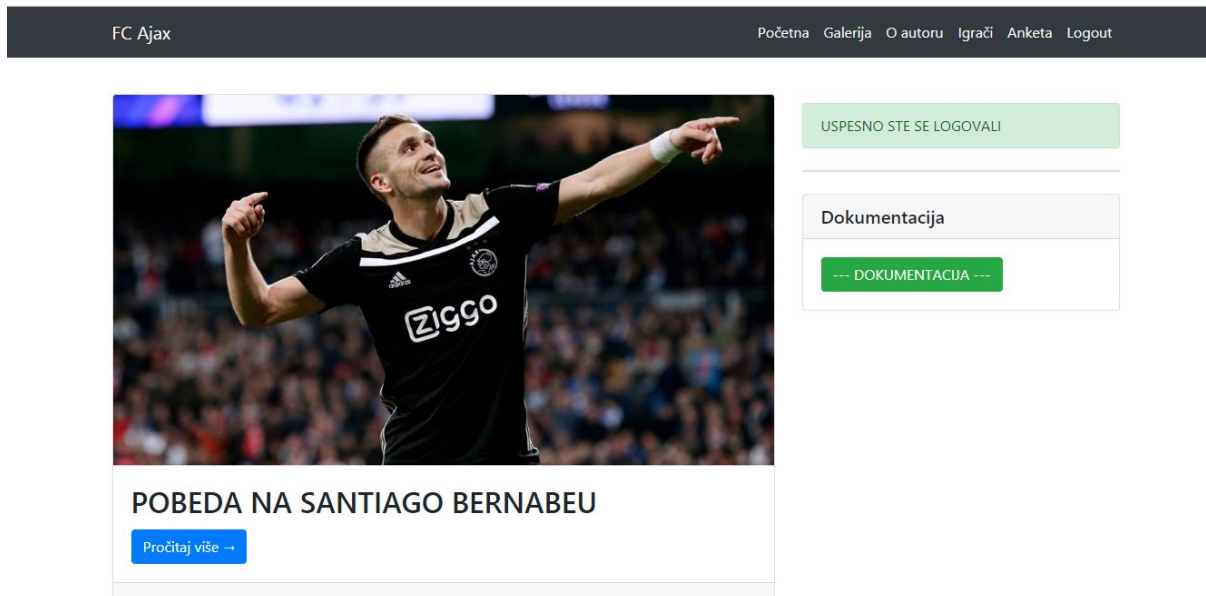

Admin – nasledjuje autorizovanog i dodatno ima - delete, update, insert za ceo sajt – igrice, galeriju, korisnike, uloge, vesti i anketu.
